

LEADER WITHIN A WEEK

Dowie Says Zion is to be his Again

WILL SMITE FALSIFIERS

Prophet Says Charges are Lies and Letters are Forgeries

(Scripps-McRae Dispatch.)
LAREDO, Texas, April 7.—Dowie entered the United States this morning. He was not in a private car because none was available. When the train stopped at the international bridge for inspection a crowd of newspaper men were at the car door, but his associates would not permit close contact with the "prophet." They said Dowie's strength was increasing under opposition.

Will Smite 'Em.
SAN ANTONIO, April 7.—Dowie, after the train left Laredo, welcomed the Scripps-McRae correspondent. He denied entirely the charges of his wife, son and the overseers. He said he would drive his son and wife "from the city of God," and says he has been true to every trust and is answerable only to God. He says:

"The charges are the foul mouthings of ingrate curs. The receivership and curtailing of my commands are illegal acts. In the courts as well as with my right hand will I smite them."

"Women may have proved the downfall of the prophets of old, but they can cast no spell on the modern prophets. They say I lost millions in Wall street. It's a lie. The lustful letters purported to have been written by me are forgeries and the creators shall be in prison. The charges will be publicly refuted. Within a week Dowie will again be Zion's leader, accepted only as a holy man of God, and not as a charlatan."

MEANEST GOVERNOR IN ALL RUSSIA ASSASSINATED BY A YOUTH

(Scripps-McRae Dispatch.)
ST. PETERSBURG, April 7.—Governor Sleptzoff, of Tver, was assassinated in the streets of that city this morning by a bomb, while driving in the main street. His body was mutilated. The youth, whose name is unknown, has been arrested. Sleptzoff was probably the most disliked of all Russian governors.

LOCAL LEAGUE TOO SLOW FOR RED

Friske Cloud, the Indian who tried to tear up the camp at Waterloo a couple of weeks ago, for which he served ten days in the county jail, is a professional baseball player and played for a couple of years with the Cherokee Indian team.

Cloud called at the county clerk's office yesterday to draw his witness fee. Asked by the clerk what he was going to do this summer the burly buck surprised his listeners by stating that he would play ball for a living.

CHICAGO-ST. PAUL VIA LA CROSSE

Trolley System Will Con- nect Cities Says Rail- road Man

A line of electric railway to run east of here to Merrill, Wis., is projected, according to a Milwaukee dispatch, and will form a part of the chain of lines connecting Chicago and St. Paul by trolley.

Says the dispatch:
"In my opinion, the time is not far distant when St. Paul, Minneapolis, Milwaukee and Chicago, will be connected by an electric railway," said J. H. Metcalf, an Oshkosh electric railway man, today. "Electric railways seem to be branching out everywhere," he said. "The latest one to be started is from Merrill to Stevens Point via Wausau and Grand Rapids, tapping four of the largest cities in the Wisconsin river valley. Another line that is nearing completion is running from Oshkosh to Kaukauna, and this will connect with the Milwaukee & Northern line, which ultimately will extend to Green Bay. The Oshkosh, Green Bay & Southwestern is rapidly nearing completion and that will open to travel one of the richest sections of land in Wisconsin."

"These roads provide a line from Milwaukee to Merrill, half the way to St. Paul. A line from La Crosse east to meet this road is projected, and the concluding link is expected to be a La Crosse, Winona and St. Paul road."

COURT OFFICIAL IS SENTENCED

(Scripps-McRae Dispatch.)
CHICAGO, April 7.—John A. Linn, former clerk of the superior court and present clerk of the circuit court of Cook county, today pleaded guilty to a charge of embezzlement, conspiracy and concealing of public records. He was sentenced to one to five years. He agreed to replace the money amounting to \$21,000.

SMITH IS AFTER ALGER'S SEAT

(Scripps-McRae Dispatch.)
WASHINGTON, April 7.—Representative William Alden Smith of Michigan has announced his candidacy to succeed Alger in the senate.

INVALID DISAPPEARS, FOUND A SUICIDE

(Scripps-McRae Dispatch.)
CHICAGO, April 7.—A man supposed to be James Mumford, aged 43, who disappeared after a long illness, committed suicide by poison at the Great Northern hotel today.

CAMBRIDGE BEATS OXFORD

(Scripps-McRae Dispatch.)
LONDON, April 7.—Cambridge won the annual boat race at Oxford this morning by five lengths.

He said he had signed a contract with a Michigan team and would play all over the northwest during the summer.

"Why don't you try to get on the La Crosse team?" asked the clerk. "Oh the company's too slow around here," he replied. With this characteristically American comment he signed his name to the county order with a big flourish and sauntered into the treasurer's to get his money like any American citizen.

DARING MORNING ROBBERY

Dynamiters Enter Store of G. N. Steigs at Pigeon Falls

Information was received by the authorities here today of a daring burglary which was perpetrated after daylight in Pigeon Falls.

The burglars entered the store of G. N. Steigs within an hour of the time of opening, blew open the safe and secured \$20 in cash.

Residents who were awakened by the noise of the explosion looked from their windows in time to see a rig containing two men going by at a rapid rate. No effort was made to follow the men and they made a clean getaway. The sheriff of Trempealeau county is investigating.

It is believed by the authorities here that the safe was blown by professional yegmen and that they expected a much larger sum than they secured else they would have not taken the chance they did in executing the robbery after daylight.

MUST ANSWER FOR DEATH OF WOMAN REGISTERED AS HIS WIFE

(Scripps-McRae Dispatch.)
NEW YORK, April 7.—Miller McGucken, son of the proprietor of Hotel Sterling, was arrested this morning, pending an investigation into the death of Delphine Love, who supposedly committed suicide yesterday after a quarrel in another hotel with McGucken with whom she registered as man and wife.

"BOARD OF TRADE" IS WISE DECISION

Directors of the Businessmen's association yesterday afternoon at a special session decided to recommend the adoption of the old name Board of Trade at the next meeting of the association, as the present name is too unwieldy.

It was also decided to rent office rooms in the Batavian bank building for \$20 per month, a suitable suite being found.

Revision of the constitution and by-laws will be recommended the association, the old rules being found antiquated in many respects.

GOOD LUCK PASSES DOWN RIVER

The first craft to pass through the draw of the wagon bridge down stream this year was the pile driver Good Luck, which came down from the north and went through the draw at noon today.

The driver is equipped with propelling machinery and a stern wheel the same as a regular steamboat.

Mrs. Mikkelsen Dead

Mrs. Pauline Mikkelsen of Lewis Valley died Tuesday of heart and liver trouble. She was 79 years of age. The funeral took place from the house at 1 o'clock this Thursday afternoon in charge of Rev. Turmo. Interment was made in the Stevens town cemetery.

OPERATORS SEEK A SETTLEMENT

Miners Believe They Have the Bosses on the Run This Time

(Scripps-McRae Dispatch.)
INDIANAPOLIS, April 7.—Eighteen per cent of the tonnage of Indiana has signed the 1003 scale. A dispatch this morning says the Pennsylvania railroad employees laid off last week on account of the threatened strike have been ordered to report next week. This leads to the belief that the operators intend to make a settlement.

SPRINGFIELD, Ill., April 7.—The end of the first week of the coal strike shows little change. The operators lost few adherents, the hundred mines which signed representing only a million tons. There are 932 mines in the 64 counties. Three hundred and eighty produce all but 2-9 of the total output of 37,000,000 tons a year.

NEW YORK, April 7.—The anthracite coal roads and independent operators met in secret conference today for final consideration of Mitchell's offer of arbitration.

STREET CAR OUT- FIT HAS "PLANS"

May Abolish Transfers by Running North Side Cars South

It was reported about town today that the street railway company was contemplating making some radical changes in the routes of its cars. The company, it is said, plans on running its north side cars clear through to Gund's brewery, back by way of Fourth street and down Main and 4th street and down Main and back to the north side, the object being to transfer business now going on over these two lines. The cemetery line, it is said, under the new arrangement will be conducted as a branch line from Fourth and Main the same as the Sixteenth street cars are now run.

Superintendent Livermore, when called up by telephone this afternoon to verify the report quickly refused to discuss the matter, disclaiming any knowledge of any contemplated change. "What are you talking about?" and "You mustn't believe everything you hear," and a few other surly replies was all that was forthcoming from the new superintendent of the public service corporation which does not like the Tribune because it endorses the stand taken by the city council in demanding a few considerations for the people in return for granting the company the exclusive right to lay its tracks over the best streets in the city, thereby reaping annual net profits of \$45,000 on its "enormous" investment.

It is also stated in connection with the street railway corporation that a proposition is being considered among the aldermen of enforcing the ordinance providing that the street railway company shall erect iron masts along its lines, this law having been disregarded by the corporation.

DICK REMP IS OUSTED AT "U"

A Madison dispatch says that "While 'Dick' Remp was entertaining a hundred students tonight at a farewell 'kommers' and 'drinkfest,' Dean Birge and Prof. Trowbridge, chairman of the faculty social committee, happened in. Mr. Remp is not now a student at the university."

MUST HAVE RECORD

Election Clerks Who Sealed Them up Ordered to Produce Votes

Election inspectors in four wards in the city of La Crosse and in the village of West Salem will be served with notices by the election canvassing board to produce the official returns from their respective precincts at the county building by next Tuesday.

If the inspectors fail to comply with the order serious legal difficulties will be encountered in determining the result of the recent election in La Crosse county.

Inspectors in the village of West Salem and in the Second, Seventh, Nineteenth and Twenty-first wards of the city of La Crosse failed to deliver the envelopes containing the official election returns to the county clerk following the election. Prospects are that these envelopes were by mistake sealed up in the canvas bags containing the defective ballots, which cannot be opened until 60 days after election. The canvas bags are not designated by precincts, all being placed in one pile in the county clerk's office. The canvassing board has no right to open any of these sacks and even if it had would not know which to open in order to find the missing envelopes.

The canvassing board, consisting of County Clerk Rawlinson, County Judge Brindley and City Justice Hunt, discovered the predicament when they met this morning, and adjournment was taken until Tuesday in order to give time for the inspectors of the missing precincts to produce the returns. Some of them may have duplicate returns of the ones they sealed up in the canvass bags. If they have they can respond to the summons. If they haven't some sort of a court proceeding will probably have to be started in order to secure the opening of all the canvass bags so as to get the missing envelopes.

CRAZED BY DRINK; SLAYS BARTENDER

(Scripps-McRae Dispatch.)
ALTON, Ills., March 7.—While supposed to be crazed by drink, Chris Davis, an ex-convict, aged 60, entered a saloon and shot and killed Chas. Stuckenberg, aged 26, the bartender. Davis shot at himself, but the bullet went through his hat.

FIGHT IN NIGHT MAKE UP TODAY

John Olson and Ed. Loveg, bitter enemies last night as the marks on their faces bore evidence appeared in Judge Hunt's court this morning very meek in spirit and apparently on good terms with each other. The old adage that "misery loves company" had been exemplified in their case during the long hours of night they had spent in adjoining cells as a result of having a battle in a downtown saloon.

With aching heads, a dark brown taste in their mouths and bruised countenances they welcomed the chance to pay a fine of \$7.50 and costs each and seek the air of freedom. That's the first trouble I ever had," said one of them as he left the courtroom, "and you can bet all your good pennies it will be the last for Little Willie."

STREETS CAVE IN IN TWO PLACES

Defective and Leaking Sew- ers Believed to be the cause

A mysterious washing away of the concrete foundation and sand filling beneath the brick pavement caused a cave-in at Third and Cass streets yesterday 20 feet in diameter and from two to six feet deep.

The damage to the street is the most serious of any encountered by the city since the brick pavement was laid. The cause is a deep mystery to the board of public works. President Beckwith said this afternoon the board was investigating but as yet had been unable to ascertain the source of the wash-out.

Unofficially the opinion was expressed this afternoon that an overflow from a street sewer had in some manner gotten beneath the brick in the street and had undermined the pavement by the constant action of the water.

RED WANTS \$5,000 FOR COPPER'S BLUNDER

Charles Red Eagle, a Winnebago Indian residing near Tomah, has started a suit for \$5,000 damages against Patrolman Michael Britton of the north side force, for injuries inflicted by being shot in the leg at the north side depot April 9, 1905.

The Indian was running away from Britton when he was ordered to halt. Failing to slacken his speed the patrolman fired, the bullet taking effect in the leg. Red Eagle was taken to St. Francis hospital and the wound soon healed.

Methodist Revivals Continue Next Week

The revival meetings at the First Methodist church on Eighth and King streets, will continue up to Friday night of next week.

The meeting last night was a splendid one, people are continuing to decide to live the Christian life and even greater results are looked for in the meetings of next week. The whole church is being strengthened and helped by these meetings. All who attend will be greatly benefited.

Last evening Mr. Baker, who leads the singing, sang a solo. Meetings will be held every night next week at 7:30.

Debating Society Names Officers

The Lincoln-Douglass Debating club of the high school last night elected the following officers at the business meeting:

President—Ike Strauss.
Vice president—Charles Bradish.
The society took in as members Karl Schweizer and Sig Stavrum.
The freshman declamatory contest was postponed a week, and the following numbers will be given:
John Maynard—Harry Leithold.
Barbara Freitche—Carl Reichert.
Lochinvar—Fred Dickinson.
To be selected—Edwin Cronon.
Fight of Poso del Mar—Clarence Winter.
The American War (William Pitt)—Will Owen.

WEATHER FORECAST

Increasing cloudiness tonight;
Sunday probable showers; warm-
er.
Coolest 39; warmest 54; wind
2 miles.

Joseph Hallock, charged with wife abandonment, pleaded not guilty before Judge Brindley yesterday and was bound over to the circuit court. Bail was fixed at \$500 which may be furnished.

RUIN POWER PLANT

Floods Play Havoc at St. Croix

WORK OF YEAR IS UNDONE

Phil Spooner's Company Suffers Tremendous Loss by Water

ST. CROIX FALLS, Wis., April 7.—The work of months on the water power here has been undone by floods and the work delayed at least a year. Trestles, engines, derricks and coffer dams were swept away by high water and ice gorges.

Two hundred workmen narrowly escaped death through a warning of horseman Leonard Reymon, who rode from miles above when he saw the huge ice gorge start down the river.

MURDERER M'VEA RECAPTURED

Frank McVea, who on Wednesday confessed that he murdered Marshal Ole Harvey at Hayfield on the night of Dec. 30, 1905, and who escaped from the county jail at Mantorville on Wednesday night, has been captured.

McVea was found hiding in a farmer's barn not more than eleven miles from where he shot Harvey last winter.

A farmer found McVea and overpowered him and took him to Mantorville where he was turned over to the authorities.

The catching of McVea was an accident, and McVea will rue the day he entered the barn, as it happened that the structure was the property of a farmer who served on the grand jury in Mantorville last Tuesday when McVea was indicted for the murder of Harvey.

The farmer recognized McVea at once and overpowered him.

FATHER OF A. A. BENTLEY DIES

A. A. Bentley returned today from Fargo, N. D., where he attended the funeral of his father, Aanson Bentley, who died at the age of 80 years. Mr. Bentley has been absent for a week.

MISS HERMANN TO PLAY TOMORROW

At the splendid concert which is to be given at Germania hall tomorrow by Kreutz's famous La Crosse orchestra, Miss Florence Hermann, the wonderful girl violinist will be the soloist. An especially fine program has been arranged for this concert and La Crosse music lovers will have another chance to hear this matchless musical organization of La Crosse.

SOCIETY.

COFFEES.

Mrs. C. W. Watterson entertained the members of the Rathbone Sisters Monday afternoon at her home. To each of the guests the hostess presented a pretty hand knit jacket. To show their appreciation of the gift the same group of women gave Mrs. Watterson a surprise the next afternoon when they presented her with a set of cut glass sherbert cups. Those who were present were Mesdames

Zeilke, Stephenson, Henry Lawson, Allen, Charles Wheeler, Jojade, Woolsey and Gustad.

WEDDING ANNIVERSARY.

Mr. and Mrs. W. W. Ruplin celebrated their first wedding anniversary at their home, 1232 Madison street Thursday. There were about 25 present and the evening was spent in a pleasant social manner.

Y. P. C. E. S. Entertained.

Rev. and Mrs. J. S. Lowe entertained the young ladies of St. Paul's Universalist church at their home on

Tuesday evening. Music and games followed by refreshments were the order of the evening.

ANNOUNCEMENT.

The engagement of Miss Irene Burroughs to Wayne Bentley, son of Mr. and Mrs. E. E. Bentley, is announced. Although the affair has been an open secret for a number of months and the young couple receiving congratulations sub rosa, no public announcement was made until within a few days. Miss Burroughs has been for the past two years secretary of the Young Woman's Christian association, which position she has filled to the entire satisfaction of the board and the members of the association and it is with regret that her resignation was accepted.

PILLSBURY'S BEST

There is scarcely a heathen in the whole world, even, who is not acquainted with Pillsbury's Best flour. There is not a great hotel in the country, scarcely, but what uses this celebrated flour in its bakeries.

With the housewife Pillsbury's Best Flour has no peer. It is ground in the finest and largest flour mills in the world, where perfect is the watchword. It makes the loveliest bread, cake and pastries imaginable and is no more expensive than the other cheaper flours.

Schilling sells Pillsbury's Best in La Crosse.

Hamlet Stirs Audience

When Mr. Harold Nelson comes to La Crosse again he will have packed houses.

"Stock Company" in connection with his announcements gave many the impression that this week's show was one of the ordinary variety. Each night, however, as the word from delighted audiences was passed about, the size of the crowds has increased, and last night Mr. Nelson was seen in "Hamlet" by a well filled house.

People are just getting acquainted with his remarkable ability in interpreting the drama.

Tonight Mr. Nelson will be seen in the great religious drama, "Quo Vadis." This is said to be staged with all accretments and is an excellent production.

Tomorrow afternoon will be presented "Prince Otto." This was played during the week and is a fine production, as good as the original production by Otis Skinner, in the minds of those who saw it the other evening.

The closing performance of the engagement, Sunday evening, will be "Paul Kaurar."

CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by O. T. Erhart.

1895—William R. Marshall, ex-Governor of Minnesota, died.
1905—Bishop Favier, head of the Catholic church in China, died.

SAPHO A MORAL SERMON.
Miss Olga Nethersole is an actress of undoubted ability. For several years she has delighted that portion of the theatregoing public which delights in strongly emotional plays, and it will be remembered that, away back in the past, she invented a long, clinging kiss that has gone down in history as one of the most startling and thoroughly exciting osculatory efforts that has ever delighted an admiring public, says the Milwaukee Sentinel.
Just now Miss Nethersole is engaged in a spirited controversy regarding the morality of "Sapho" and "The Labyrinth," two plays which she has been presenting this season. Certain critics have decided that these productions are immoral, and have not hesitated to tell their readers so with an authoritative air. Miss Nethersole commenced a heavy libel suit against the newspaper which employs one of her severest detractors, but she felt the need of a further safety valve. So, in an article which occupied the whole first page of a Chicago paper, she gives a few of her own ideas on immoral plays, reaching the conclusion that none of her productions belong in that class. And, after reading it, one is strongly inclined to think she has made out a good case.
Insisting that her "Sapho" preaches a moral sermon as moving as any preached in a church (a sentiment, by the way, which a good many people may consider a trifle too strong), Miss Nethersole proceeds to tell what she thinks of the critics who insist that it is a pernicious production because it exhibits vice to the public. She pungently remarks that if that standard of criticism is to obtain, "Macbeth" should be expunged from the stage, as the example of Lady Macbeth might induce strong minded women to incite their husbands to a similar series of homicides. She thinks the earnest young critic has equal reason to warn his readers against "Virginius," which, heavens knows, we always considered innocuous, lest some dotting parent might consider it incumbent on him to slay his daughter after witnessing the sacrifice of the Roman father. "To say that a play is immoral, dishonest, or wanting in virtue because the social condition of certain of its characters does not happen to be all that could be wished, is calculated to defeat the purpose of that which is best in drama," she says in defense of "Sapho."
And who shall say that she is not right, or at least more nearly right than some of her critics. A play or a book is only immoral when it presents vice in alluring colors, calculated to seduce the youthful and experienced. A play which shows the inevitable punishment of wrongdoing can not be immoral in its tendencies, although perhaps certain dramas which come under this category might not be just the sort of theatrical entertainment for the young person.
As a matter of fact, there is too much ill considered talk about the immorality of the stage at this time, and Miss Nethersole is not far from right when she says that if the writers of this kind of criticism possessed a more intimate knowledge of their subject we might hear considerably less about the evil effect of dramatic performances.

Spelling reform will be a great aid to the lazy.
AROUND LA CROSSE
are some steep hills and some deep sand. An AUTO-MOBILE for service in this section MUST HAVE POWER.
The BUICK Touring car takes the hills and sand on the high gear. Let us demonstrate the power and ease of control. \$1250. Completely equipped.
Tel. 123 **AUTO RAPID TRANSIT CO** 5th & Jay

It is gratifying to see the Sentinel taking its medicine gracefully.
Let's see! There has been no new candidates for the coroner's office yet.
You want the 18,000 readers of the Tribune to know you are selling goods in La Crosse, do you not, Mr. Merchant?
The president cannot well complain of Judge Humphrey's immunity to the beef trust, when he recalls his Paul Morton deal.
Apparently what remains of Mr. Cargill's paper cannot bring itself to believe its joyous hunch that John Downs was going "awyy" is not correct.
We wouldn't be surprised if the Stock papers had their story of the second day's (next Tuesday's) Central hearing, written and in type at the present moment.
Eighteen thousand people read The La Crosse Tribune every day. Circulation experts hold that each paper printed and circulated is read by four people. It will pay you to have 18,000 people read an announcement of that sale, Mr. Hustling Merchant.
Because Dowie called one of the attractive members of his flock, "My precious little lump of gold," his followers protest. It was probably his lump of gold, before he got through, if stories of his financial operations are to be believed.

JUST LIFE
"Tomorrow's Sunday."
Tomorrow's Sunday, go to church—Leave the Devil in the lurch; Try to be a decent man; Be an angel if you can; If you can't an angel be From all sin try to be free, Climb down from your sinful perch—Tomorrow's Sunday, go to church.
A Dream.
(Loose's Daily Contribution.)
If I had the millions of John And Rogers' wonderful con And Liga's good graft And the fatness of Taft No longer could I be so hon—est.
Coincident with this talk against mergers, why should there not be a law passed to prevent the merging of two hearts in one, thereby creating a monopoly on the love market.
Oh! Scissors!
"Billy" Sunday, the great ex-ball player evangelist, is coming to La Crosse. Billy has a record of 1,000 converts a day, and ought to strike a good field in La Crosse. As a starter he might open out on the star reporters of the Tribune and Morning Chronicle.—Bangor Independent.
Obviously True.
Many a man gets credit for being a hustler when he's only nervous.—St. Paul News.
Elijah Dowie quotes scripture to prove his right to take seven wives if he so desires.
By the way, did someone make a remark about steel trolley poles?
Those who had any fears that Prof. Kreutz would accept the plan to lead a "small" party "when one should be appointed," will have an opportunity to see him lead one of the finest orchestras in the northwest at Germania hall tomorrow.
Yes, you must "contract" for ice this year, Mr. Taxpayer; no more stinting and saving on your ice. Dig up \$15 or so where you paid \$5 last year and dig it up quick, or "we'll sell our ice in St. Louis and you will have to go 'round with your tongue hanging out."
"Billy" Sunday makes no mistakes in believing La Crosse needs his attentions.
What We Want.
President Roosevelt says the laboring men hamper him in getting what he thinks they ought to have. Cannon says the people do not want tariff revision; the senate says the people do not want rate reform; Carnegie says the people want spelling reform. Strange how they all seem to know.
It's time to exhume the old query, "How'd you like to be the ice man?" —W. V. K.

THE STATE PRESS
—Or is Entitled To.
The Milwaukee Free Press very modestly claims the great portion of the credit for the result of the present election in that city. There is nothing like blowing your own horn when no one else will undertake it.—Oshkosh Northwestern.
Novices in Journalism.
The novice in journalism always deals in personalities, inspired by the notion that the mission of a newspaper is to reward friends and punish enemies. The Recorder has been edited for the past month by a little coterie of this class of writers. The attacks made upon the Gazette and its management have passed without notice because not worthy of recognition.—Janesville Gazette.
Now the "Might Have Beens."
If the combined Becker and Arnold vote of 39,851, was a protest against Rose, then the combined Rose and Arnold vote of 38,133 was a protest against Becker.—Milwaukee Journal.
Rather Flimsy, We'll Admit.
May we remark that the men who sell parasols is engaged in a shady business?—Eau Claire Leader.
In Richland, Too?
If you saved anything on the price of coal this winter, keep it handy, the ice man will be around to relieve you pretty soon.—Richland Center Observer.
'Twas Dunn Up, Anyway.
The people are able to settle a proposition without hesitation when they are given a chance. It is a pity some legislator did not carry the campaign of the pocket ballot through the legislature and save the money.—Oshkosh Chronicle.
A Campaign Statement.
Chairman Witte ascribes Mr. Becker's election to a "combination of circumstances fortuitous to the campaign." Sounds well, but what in thunder is Mr. Witte driving at?—Milwaukee Sentinel.

HIGH CHAIR PHILOSOPHY
To the friends of the little tots of La Crosse and surrounding villages, we extend an earnest invitation to chronicle some of their odd little sayings. You will enjoy these in after years.
Expect them in every Saturday evening's issue of the Tribune. Please address your stories to Mrs. A. M. Brayton, 1122 Main street, or new phone 814-C.
Mamma's First German Lesson.
In the southeastern part of the city Irene has a little German friend that often comes in to play with her, but he can not talk English. Mar's mamma was busy getting dinner and knew the little fellow would be expected home. She tried to tell him about it, that he could run home and have his dinner then return and finish their play. But he simply stood and looked at her with wide eyed curiosity. Finally Mary was overcome by her mother's ignorance, and burst out with, "Why, mamma, don't you know? You must talk to him like this"—swish swish, swash, swash swish—nodding her head the while. "Well," says mamma, "and what does that mean?" "Why don't you know, mamma?—that is German."
A Petition.
Little Charlie, about five years old, was an adopted child and beloved by all. His foster cousin, George Marshall, nineteen, was his especial admiration. His mother always told him that he could add to his evening prayer any petition that he wished. One evening after his usual "make Charlie a good boy," she was astonished to hear this, "and make me grow big—soon—big—like George Marshall, and O Lord, slap the whiskers on thick."
Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Sold by O. F. Erhart.
You can't tell a man by his clothes, but you can tell a UNION MAN by his tobacco; he smokes nothing but Red Feather.

How Deaf People are Made to Hear
Sound Magnifiers Invented by a Kentuckian.
Invisible, When Worn, but Act Like Eye-Glasses.
Ever see a pair of Sound Magnifiers? They are so soft in the ears one can't tell they are wearing them.
And, no one else can tell either, because they are out of sight when worn. Wilson's Ear Drums are to weak hearing what spectacles are to weak sight. Because, they are sound-magnifiers, just as glasses are sight-magnifiers.
They rest the Ear Nerves by taking the strain off them—the strain of trying to hear dim sounds. They can be put into the ears, or taken out, in a minute, just as comfortably as spectacles can be put on and off.
And, they can be worn for weeks at a time, because they are ventilated, and so soft in the ear holes they are not felt even when the head rests on the pillow. They also protect any raw inner parts of the ear from wind or cold, dust, or sudden and piercing sounds.
The principal of these little telephones is to make it as practical for a deaf person to hear weak sounds as spectacles make it easy to read fine print. And, the longer one wears them the better his hearing should grow, because they rest up, and strengthen the ear nerves. To rest a weak ear from strain, or to protect it from cold, or to rest a strained wrist from working.
Wilson's Ear Drums rest the Ear Nerves by making the sounds louder, so it is easy to understand without trying and straining. They make deaf people feel comfortable, because such people can talk with their friends without the friends having to shout back at them. They can hear without straining. It is the straining that puts such a queer, anxious look on the face of a deaf person.
Deafness, from any cause, ear-ache, buzzing noises in the head, raw and running ears, broken ear-drums, and other ear troubles, are relieved and cured by the use of these comfortable little ear-resters and sound-magnifiers.
A sensible book, about Deafness, tells how they are made, and has printed in it letters from hundreds of people who are using them.
Clergymen, Lawyers, Physicians, Telegraph Operators, Trainers, Workers in Boiler Shops and Foundries—four hundred people of all ranks who were Deaf, tell their experience in this free book. They tell how their hearing was brought back to them almost instantly, by the proper use of Wilson's Ear Drums.
Some of these very people may live near you, and be well known to you. What they have to say is mighty strong proof.
This book has been the means of relieving thousands of Deaf people. It will be mailed free to you if you merely write a post card for it today. Don't put off getting back your hearing. Write now, while you think of it. Get the free book of proof.
Write for it today to The Wilson Ear Drum Co., 1101 Todd Building, Louisville, Ky.

FOLEY'S HONEY and TAR CURES

**Coughs and Colds
PREVENTS
Pneumonia and
Consumption**

Foley's Honey and Tar not only stops the cough, but heals and strengthens the lungs and prevents serious results from a cold.

There is no danger of Pneumonia, Consumption or other serious lung trouble if **Foley's Honey and Tar** is taken, as it will cure the most stubborn coughs—the dangerous kind that settles on the lungs and may develop into pneumonia over night.

If you have a cough or cold do not risk Pneumonia when **Foley's Honey and Tar** will cure you quickly and strengthen your lungs.

Remember the name — **Foley's Honey and Tar**—and refuse any substitute offered. Do not take chances with some unknown preparation that costs you the same when you can get **Foley's Honey and Tar**, that costs you no more and is safe and certain in results. Contains no opiates.

Cured After Physicians Said He Had Consumption.

E. H. Jones, Pastor M. E. Church, Grove, Md., writes: "About seven or eight years ago I had a very severe cold which physicians said was very near pneumonia, and which they afterwards pronounced consumption. Through a friend I was induced to try a sample of **Foley's Honey and Tar**, which gave me so much relief that I bought some of the regular size. Two or three bottles cured me of what the physicians called consumption, and I have never had any trouble with my throat or lungs since that time."

Three sizes—25c, 50c, \$1.00.
The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle almost six times as much.

SOLD AND RECOMMENDED BY
O. T. ERHART.

CROWDS BLOCK MAIN ST. AT STORE OPENING

Great throngs of people filling Main street from curb to curb and from Fourth street almost to Fifth, attended the formal opening of the handsome store of the Independent Ten-cent Stores company today in the McMillan building.

The crowds began to gather early and long before 9 o'clock, when the doors were to open, the street was jammed with shoppers.

So dense was the crowd and such was the confusion that children were parted from their parents. Three-year-old Willie Marquardt, son of Mr. W. F. Marquardt of 1132 State street was lost in the crowds. The little fellow wandered to the second floor of the McMillan building searching for his mamma, and was there taken in tow by C. F. Klein, who took charge of him until Officer McGrath found his parents.

Yesterday afternoon the beautiful store was thrown open in a reception for ladies and the place was thronged

throughout the day. No goods were sold, but the crowds viewed the array of novelties and household utensils, preparatory to the great buying rush this morning.

Music was furnished for the occasion by the famous Kreutz's complete orchestra. The orchestra occupied the balcony at the rear of the store, which in the ordinary trend of business will be used as offices for the manager and cashier.

It would seem that the entire success of the new Ten-cent Store was already assured. It is one of the handsomest stores in the city with a fine location and its stock is something marvelous, considering that nothing is sold for more than ten cents.

The rush this morning is but another proof of the value of newspaper advertising, as the opening was preceded by display advertisements in the Tribune, by which at least ten thousand people were informed of the opening.

NORTH SIDE BRIEFS

Lloyd Owens has gone to Mankato. You ought to see those \$1, \$1.50 and \$2.75 petticoats at Figgies' dry goods store on Rose street.

NEW STRUCTURE AT MAD- ISON IS READY FOR WORK

Description of the Building Shows it
to be one of the Finest in
the Northwest

(Special Tribune Dispatch.)

MADISON, Wis., April 7.—The new building of the Young Men's Christian Association at the University of Wisconsin, which is soon to be dedicated with fitting ceremonies and which is already open to the student body, is one of the largest and finest in the state, representing in conjunction with its site a total investment of nearly \$100,000. The location of the new building is excellent. It fronts on Langdon street directly opposite the lower campus, the center of college athletic activity, and adjoins the University gymnasium. In the rear the building site has a 70 foot frontage on Lake Mendota in the spot which has been rendered memorable of late years as the scene of

and a private parlor for members of the Young Women's Christian Association, who have a special entrance on the west side of the building. The various rooms on this floor are comfortably furnished with lounging chairs, rockers and reading tables and contain numerous cozy corners, window seats and fire places. The reading room is well equipped and is a convenient place for students to spend their leisure hours.

The second floor of the building contains an auditorium, a lecture room, and two large club rooms. The auditorium has a seating capacity of six hundred and is provided with a stage suitable for the presentation of amateur theatricals. The lecture room seats one hundred people and opens into the auditorium so that it may be made a part of the latter in case of necessity.

The club rooms on this floor are ample and provided with fire places. The Students' Co-Operative Association has donated \$250 to furnish one of these rooms which may be used as a meeting place for any of the university organizations.

The remaining floor of the building are furnished as dormitories for students and the money received for the rent of these rooms renders the building practically self-sustaining. The average price paid per week for a room is \$4. About seventy-five young men, mostly members of the association, are accommodated in the building; and the pleasant social life offered makes these rooms rent at a premium. The accommodations offered here are up-to-date and danger of fire is minimized by the use of electricity by the absolute prohibition of smoking, and by a steam heating plant, the engines for which are placed in

a fire-proof apartment away from the main structure. By way of precaution, however, the building is well provided with fire escapes and life fighting apparatus.

The ground floor or basement of the building contains several novel features which, when entirely completed, are expected to commend themselves to the student body. One of these attractions is a fine triple bowling alley and there are besides an up-to-date barber shop and a dining room and cafe. The latter will always be open and is expected to meet general patronage among the students as a resort for late lunches or "spreads." A soda fountain will be an attractive feature of the cafe.

The mission of the Young Men's Christian Association at the University is an all important one and their new and well-equipped building offers unusual opportunity for pleasant social intercourse and for the furthering of their work among the students. The purpose of the association, to develop "soul, mind and body," is clearly seen in the efforts of the Y. M. C. A. in their Bible and Mission study classes, in their lecture courses and concerts, and in their prominent interest in athletics. The majority of

the Varsity crew of last year are active members of the association.

The work of the association is entrusted to committees on finance, membership, social functions, music, Bible study, mission study, religious meetings and health investigation.

Over 400 students are enrolled in the Bible study classes of the association and over forty students are studying missionary work. The health committee performs an important work in the university. By means of small mail boxes known as "student illness boxes" which are placed in the various university buildings the association is informed of the illness of university students and members of the association call regularly upon the invalid until his recovery. The association also induces many prominent men of affairs to the city to address the students, among some of those appearing during the past season being President Northrup of the University of Minnesota, E. T. Colton of New York City, Professor Graham Taylor of the Chicago Commons and various other men of note.

Perhaps the most popular and important feature of the Y. M. C. A. work at the university is the employment bureau for self-supporting students which is in charge of Secretary C. H. Gaffin. Through it students are furnished gratis with positions by which they will be able to support themselves while doing work at the university. This work of the student varies from waiting on table and washing dishes to loading furniture vans and doing spring house cleaning. It is estimated that the association furnished work to self-supporting students last fall to the valuation of \$6,000.

The Y. M. C. A. is a decided factor in the social life of the student body and its entertainments are eagerly anticipated. Chief among these are the "Saturday night opens," the "past-exam-jubilee" and informal receptions at which a genuine, old-time air of hospitality reigns as the students gather about the fire places, sing and play

various, ingenious games invented for these occasions. Those living in the new building have all the pleasures of dormitory life, an opportunity only to be found at Wisconsin in the Y. M. C. A. and among the various fraternities.

The new home of the Y. M. C. A. has been built entirely from private subscriptions solicited from the students, citizens of Madison and friends of the Y. M. C. A. throughout Wisconsin and neighboring states. Among the largest single contributions received were the following: Charles E. Pfister, Milwaukee, \$5,000; Mrs. S. U. Pinney, Madison, \$5,000; E. P. Bacon, Milwaukee, \$2,500; Lindsay Bros., Milwaukee, \$2,100. Over 1,000 other subscriptions were solicited throughout Wisconsin. Students and alumni contributed liberally, the Chicago alumni alone giving \$8,000. Many furniture and supply companies made material gifts. Leenhouts and Guthrie, the architects, finished the entire lower floor. Among the various manufacturing firms which have made large

donations of furniture and furnishings are the Sheboygan Chair Co., Sheboygan, and the Crocker Chair Co. of the same city. Buckstaff-Edwards Co., Oshkosh, A. W. Schram and Sons, Oshkosh, Wisconsin Chair Co., Fort Washington, and the Winnebago Chair Co., Oshkosh.

The history of the Y. M. C. A. movement at the university and the canvass for funds with which to erect the new house is the history of long and continuous effort on the part of a few who, while they may not have met with discouragement in their efforts from university authorities, received but very little encouragement until their plans began to materialize. The movement for erecting a new building began in the late 80's when the Y. M. C. A. and Y. W. C. A. were one organization. In the fall of 1892, \$5,000 had been raised and a lot was purchased on the present site of the State Historical Library. This was sold to the State Historical Society and the present site was purchased.

(Continued on page 10.)

LOOK

THE EYE GLASSES THAT WON'T FALL OFF

Let me fit you with a pair of TORIC LENSES mounted with the SHUR-ON GUARDS. They are superior to any glasses made, bringing perfect comfort and untiring sight. The Shur-On Guards will be replaced free of charge if broken at any time. They cost a trifle more but they save the lenses.

220 MAIN STREET

SPARTA - MELROSE ROAD IS A CERTAINTY

According to the Sparta advertiser the Sparta-Melrose railroad is now an assured thing. The paper says:

The Sparta-Melrose railroad, much talked about, often ridiculed, but still alive, is now an assured proposition. The balance of the stock desired has been subscribed by a Milwaukee capitalist.

The dream of the residents of Melrose and vicinity has come true and in a short time the connecting link between that busy little village and the outside world will be completed. Matters concerning this last disposal of stock hung fire for some time and it was not until this morning that Secretary Teasdale of the Sparta-Melrose Traction Light and Power Co. received word from the party of his decision. The only condition now left open is that the committee from Melrose who conferred with the directors of the company succeed in securing the \$40,000 worth of bonds which were to be raised for the project.

It is thought that this amount can be raised and that the railroad is now a fact and not a dream. Matters pertaining to construction work has been taken up and negotiations have been made for the purchase of rails and other materials.

PNEUMONIA IS ROBBED OF ITS TERRORS

by Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. Sold by O. T. Erhart.

DIES AT POOR FARM

At the end of her first day's residence at the county poor farm Mrs. Catherine Weinawier, aged 58, died yesterday of a complication of diseases from which she had been suffering for some time. Deceased leaves a husband and two sons, all inmates of the poor farm.

The funeral was held this afternoon at 2 o'clock, Rev. Andrea officiating. Interment was made in the Mormon Coulee cemetery, Mrs. Marnstedt in charge.

WEDDING AT BANGOR

A quiet wedding took place at Bangor Tuesday afternoon which joined in the bonds of holy wedlock two well known young couple, the contracting parties being Dean Wilcox of Trempealeau and Miss Delia Jones, daughter of Griffith D. Jones of Bangor. The pleasing event was solemnized by Rev. J. Elias Jones at the bride's home. There were few besides the contracting parties present. The bride wore a princess gown of pink silk crepe over chiffon and tulle, which added much to usual attractive appearance. A dinner was served under the direction of Mrs. Ott of Bangor.

The famous Goo-Goo Girls in the "Isle of Spice" at La Crosse theatre Sunday, Matinee and night, April 15.

Chas. Morrell, at the Bijou this week.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

O. T. ERHART, SPECIAL AGENT

gor Tuesday afternoon which joined in the bonds of holy wedlock two well known young couple, the contracting parties being Dean Wilcox of Trempealeau and Miss Delia Jones, daughter of Griffith D. Jones of Bangor. The pleasing event was solemnized by Rev. J. Elias Jones at the bride's home. There were few besides the contracting parties present. The bride wore a princess gown of pink silk crepe over chiffon and tulle, which added much to usual attractive appearance. A dinner was served under the direction of Mrs. Ott of Bangor.

The bride is one of Bangor's well-known daughters with a large circle of friends, having taught in the city schools of Tomahawk and of the past three years in the public schools at Trempealeau.

AT THE THEATERS

The "Isle of Spice," a piquant musical mixture, will be presented by B. C. Whitney's musical organization at the La Crosse theatre Sunday, April 15, for matinee and night. The book is by Allen Lowe and George E. Stoddard and the music by Paul Schindler and Ben M. Jerome. There are many amusing situations in the piece and the music contains a great many numbers which have proven very popular wherever they have been heard. Among them are "Peggy Brady," sung by Edna Wellington; "The Broomstick Witches," sung by Cora Landis, and "The Goo Goo Man," sung by Charles Pusey with the assistance of a pony ballet of twelve pretty girls.

A CHATTANOOGA DRUGGIST'S STATEMENT.

Robt. J. Miller, proprietor of the Read House Drug Store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than of all other cough syrups combined." Sold by O. T. Erhart.

CONTAGIOUS BLOOD POISON

THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed.

DR. TURBIN

Of Berlin, Germany, the Expert Specialist and Surgeon Has visited La Crosse for the past fourteen years once a month. will again be in La Crosse, Monday, April 23d, 1906, at Hotel La Crosse, from 9 A. M. to 8 P. M. and fourth Monday thereafter.

Consultation and Examination Free.

DOCTOR TURBIN,
103 Randolph St., Chicago, Ill.

Cure Nervous Debility, Blood Poison, Rheumatism, Enlarged Veins, Fistula, Piles and Other Rectal Diseases, Kidney, Bladder and Lingering Ailments.

I MAKE NO CHARGE FOR CONSULTATION, whether you take treatment or not.

VARICOCELE.

Varicocele Impairs Vitality

I want every man afflicted with Varicocele, Blood Poison, Nervo-Vital Debility, or allied troubles to come to my office, where I will explain to him my method of curing these diseases. I invite in particular all men who have become dissatisfied with treatment elsewhere. I will explain to you why you have not been cured, and will demonstrate to your entire satisfaction why I can cure you safely, quickly, and permanently. MY COUNSEL WILL COST YOU NOTHING, BUT MY CHARGES FOR A PERFECT CURE WILL BE REASONABLE AND NOT MORE THAN YOU WILL BE WILLING TO PAY FOR THE BENEFITS CONFERRED. I WILL DO BY YOU AS I WOULD WANT YOU TO DO BY ME IF OUR CASES WERE REVERSED.

LADIES If you are suffering from persistent Headache, Painful Menstruation, Uterine Displacements, Pains in Back, and feel as if it were impossible for you to endure your troubles and still be obliged to attend to the household and social obligations, give the Doctor a call. He will cure you if you trust yourself to his care. A great many have taken treatment of this Specialist, and he can refer you to those who have been cured by him.

WRITE your troubles if living away from city. Thousands cured at home by correspondence and medicine sent as directed. Absolute secrecy in all professional dealings. Address all letters, giving street and number plainly. Send 2-cent stamp for list of questions and pamphlet.

TOMORROW WILL BE ANTI-SALOON DAY IN LA CROSSE

Leaders of the Anti-Saloon League of the State Will be in This City to Speak to Them

Tomorrow is to be anti-saloon day in La Crosse.

A large number of prominent speakers from various parts of the state will speak at the various churches and religious institutions.

An anti-saloon league will be organized in this city at a meeting to be held in the Y. M. C. A. hall on Monday.

Tomorrow's program follows:
Morning Services.

First M. E. Church—Supt. T. M. Hare.
First Congregational Church—Supt. J. I. Seder.

First Universalist Church—Field Secretary R. P. Hutton.
Caledonia St. M. E. Church—Supt. A. H. Zechiel.

Afternoon.

Y. M. C. A.—Supt. T. M. Hare.
Evening Services.

First Baptist Church—Supt. A. H. Zechiel.

First Presbyterian Church—Field Sec. R. P. Hutton.
Norwegian Baptist (North Side) Norwegian and German M. E. uniting—Supt. J. I. Seder.

Twelfth St. Norwegian Lutheran Church—Supt. T. M. Hare.
Monday evening 7:30 meeting for organization and conference at Y. M. C. A. Hall.

Anti-Saloon League.

Twelve years ago the Anti-Saloon League of America was founded. It took its rise from a conversation on the subject of temperance between Archbishop Ireland of St. Paul and Dr. A. J. Kynett, of the M. E. church. Dr. H. H. Russell of Oberlin, Ohio, took up the idea of a non or omni-partisan and inter-denominational temperance movement, and formed a league in Oberlin, a city without saloons. Today the movement is national, being organized in forty-three states and territories, with calls from Hawaii to send its workers out there. Over a third of a million dollars was raised for the work of the league the past year. Men of strength and influence morally, intellectually and financially are energetically pushing the work of the league.

The Anti-Saloon League is the church, Catholic and Protestant, unitedly marching against the saloon, marching to absolutely certain victory. The church and temperance forces have already driven the saloon from 4,500 towns, villages and cities in the United States. Over 400 counties are "dry."

Three states are under prohibitory constitutions. In Virginia the Mann law recently closed over 1,000, and the law just now passed will close another 1,500. In Missouri the Imperial Brewery went bankrupt because Governor Folk enforced the Sunday closing law, and crime has decreased 40 per cent in consequence.

In Wisconsin over one-fourth of the population has publicly set its face against the saloon. Of the seventy-one counties sixty-four have some parts dry. For some sixty miles from Ashland to Hayward there is not a licensed saloon, due largely to the influence of the larger business men. A number of places have just now joined the ranks of the "drys."

OWN YOUR HOME!

FOR SALE.

Two fine and valuable properties on West Ave. South. MUST be sold.
Modern House with City Hot Water Heat, Barn; desirable and a Bargain, South Eighth Street.
Fine House, with barn, east front on South Ninth Street.
Above are three only of many desirable properties.

J. H. Lightbody,
325 Main Street.

Thus over 600 places in Wisconsin have outlawed the saloon. We are gaining at the rate of fifty a year. We shall soon have a majority.

Eighteen months ago State Superintendent T. M. Hare stood alone in Wisconsin in the League. Today there are five constantly at work, besides other speakers and workers. Father Daly of Milwaukee being one of the lecturers. The great Catholic church opens its pulpits to the League and its bishops and archbishops have heartily endorsed the League and its work. Archbishop Messmer, Milwaukee, will be one of the speakers at the state convention of the League next month at Madison.

Never was Wisconsin so aroused on the temperance question as it is today. As one of its agencies the League is putting out 125,000 book pages of literature a month. The church is marching on to absolutely certain victory. People everywhere are learning, as they did in Ohio, to vote as they pray. The churches there elected a temperance governor. The churches are nobly supporting this movement financially also as it so well deserves.

The finances of the League are very carefully audited by the inter-denominational headquarters committee. The movement commends itself to the best business men, and is receiving their strong support, as the best agency to solve the saloon problem.

STUDENTS TO INSPECT MANY PLANTS

(Special Tribune Dispatch.)
MADISON, Wis., April 6.—Two parties consisting of 1905 junior engineering students of the University of Wisconsin will spend next week visiting a large number of the important electrical and machinery plants in the east and west.

The western party, consisting of 75 students under the direction of Prof. H. J. Thorkelson, Prof. J. W. Shuster, Prof. H. F. Moore and Messrs. W. S. Kinne, G. J. Davis, F. J. Petarra, J. H. Vosskueller and J. W. Watson, will inspect the plants in Chicago and Milwaukee. At Milwaukee they will spend Monday and Tuesday including in their inspection the West Milwaukee car shops, National Electric Co., Electric Railway and Light Co., Allis-Chalmers works, Pawling & Harnishfeger, and Johnson Electric service.

The Chicago program includes the Western Electrical Co. plant, Illinois Steel Co., South Chicago ship yards, Fiske street and Adams street Electric stations, Chicago Telephone Co., Water Works station, Bear Trap Dam & Power station at Lockport, and the power and electric plants at Joliet, with an inspection of the drainage canal.

The eastern party of thirty under the direction of Professor G. C. Shadd and Messrs. L. D. Williams and J. T. Atwood, will make a tour of the electrical power stations at Niagara Falls and Buffalo; the Westinghouse Electrical machine and air grake plant; the Nernst Electrical Lamp Co., Pittsburgh; the Brooks Locomotive Works at Dunkirk, and the Homestead and McKeesport iron mills and furnaces.

APRIL WILL BE NORMAL SAYS HICKS

Ira Hicks in his forecasts for April predicts the month will be normal in weather conditions, although many storms may be looked for. According to Hicks the first storm period extends from the 2nd to the 7th. By the 4th clouds will gather and a general rain storm pass over the country, breaking into bad storms in various localities. Slight storms may gather for a few days after.

A reactionary storm is central on the 10th. Late storms of snow and sleet will probably occur in the north followed by colder weather, causing frosts in many sections. Hail

storms will be most natural with violent local gusts. The third period of storm extends from the 15th to the 19th. A rapid change to warmer will be felt, and more thunder storms will touch many parts. These storms will be followed by cold weather.

causing frosts in the central and northern states. A series of threatening and violent thunder storms will occur on the 22nd to 24th.

The last storm period of the month will extend from the 26th to 30th. High temperature will prevail and

heavy thunder storms and hail in many localities may be expected at this time.

Mrs. A. L. Mosher has returned from a visit with relatives and friends at West Salem for a few days.

Rise Liars, And Salute Your Queen

Ho, All Ye Faithful Followers of Ananias

GIVE EAR!

A Young Girl said to a Cooking School Teacher in New York: "If You Make One Statement as False as That, All You have said about Foods is Absolutely Unreliable"

This burst of true American girl indignation was caused by the teacher saying that Grape-Nuts, the popular pre-digested food, was made of stale bread shipped in and sweetened.

The teacher colored up and changed the subject.

There is quite an assortment of traveling and stay-at-home members of the tribe of Ananias who tell their falsehoods for a variety of reasons. In the spring it is the custom on a brand the cattle, so we are going to cattle ranch to have a "round-up," and have a "round-up," and brand these cattle and place them in their proper pastures.

FIRST PASTURE.

Cooking school teachers—this includes "teachers" who have applied to us for a weekly pay if they would say "something nice" about Grape-Nuts and Postum, and when we have declined to hire them to do this they get waspy and show their true colors.

This also includes "demonstrators" and "lecturers" sent out by a certain Sanitarium to sell foods made there, and these people instructed by the small-be-whiskered-doctor—the head of the institution—to tell these prevarications (you can speak the stronger word if you like.) This same little doctor conducts a small magazine in which there is a department of "answers to correspondents," many of the questions as well as the answers being written by the aforesaid doctor.

In this column sometime ago appeared the statement: "No, we cannot recommend the use of Grape-Nuts for it is nothing but bread with glucose poured over it." Right then he showed his badge as a member of the tribe of Ananias. He may have been a member for some time before, and so he has caused these "lecturers" to descend into the ways of the tribe wherever they go.

When the young lady in New York put the "iron on" to this "teacher" and branded her right we sent \$10.00 to the girl for her pluck and bravery.

SECOND PASTURE.

Editors of "Trade" papers known as grocers' papers.

Remember, we don't put the brand on all, by any means. Only those that require it. These members of the tribe have demanded that we carry advertising in their papers and when we do not consider it advisable they institute a campaign of vituperation and slander, printing from time to time manufactured slurs on Postum or Grape-Nuts. When they go far enough we set our legal force at work and hail them to the judge to answer.

If the pace has been hot enough to throw some of these "cattle" over on their backs, feet tied and "bellowing," do you think we should be blamed? They gambol around with tails held high and jump stiff-legged with a very "cocky" air while they have full range, but when the rope is thrown over their "it's different."

Should we untie them because they bleat soft and low? Or should we put the iron on, so that people will know the brand?

Let's keep them in this pasture, anyhow.

THIRD PASTURE.

Now we come to a frisky lot, the "Labor Union" editors. You know down in Texas a weed called "Loco" is sometimes eaten by a steer and produces a derangement of the brain that makes the steer "batty" or crazy. Many of these editors are "Locoed" from hate of anyone who will not instantly obey the "demands" of a labor union and it is the universal habit of such writers to go straight into a system of personal vilification manufacturing any sort of falsehood through which to vent their spleen. We assert that the common citizen has a right to live and breathe air without asking permission of the labor trust and this has brought down on us the hate of these editors.

When they go far enough with their libels, is it harsh for us to get judgment against them and have our lawyers watch for a chance to attach money due them from others? (For they are usually irresponsible.) Keep your eye out for the "Locoed" editor.

Now let all these choice specimens take notice:

We will deposit one thousand or fifty thousand dollars to be covered by a like amount from them, or any one of them, and if there was ever one ounce of old bread or any other ingredient different than our selected wheat and barley with a little salt and yeast used in the making of Grape-Nuts, we will lose the money.

Our pure food factories are open at all times to visitors, and thousands pass through each month, inspecting every department and every process. Our factories are so clean that one could, with good relish, eat a meal from the floors.

The work people, both men and women, are of the highest grade in the state of Michigan, and according to the state labor reports, are the highest paid in the state for similar work.

Let us tell you exactly what you will see when you inspect the manufacture of Grape-Nuts. You will find tremendous elevators containing the choicest wheat and barley possible to buy. These grains are carried through long conveyors to grinding mills, and there converted into flour. Then the machines make selection of the proper quantities of this flour in the proper proportion and these parts are blended into a general flour which passes over to the big dough mixing machines, there water, salt and a little yeast are added and the dough kneaded to the proper length of time.

Remember that previous to the barley having been ground it was passed through about one hundred hours of soaking in water, then placed on warm floors and slightly sprouted, developing the diastase in the barley, which changes the starch in the grain into a form of sugar.

Now after we have passed it into dough and it has been kneaded long enough, it is moulded by machinery into loaves about 18 inches long and 5 or 6 inches in diameter. It is put into this shape for convenience in second cooking.

These great loaves are sliced by machinery and the slices placed on wire trays, these trays, in turn, placed on great steel trucks, and rolled into the secondary ovens, each perhaps 75 or 80 feet long. There the food is subjected to a long low heat and the starch which has not been heretofore transformed, is turned into a form of sugar generally known as Post Sugar. It can be seen glistening on the granules of Grape-Nuts if held toward the light, and this sugar is not poured over or put on the food as these prevaricators ignorantly assert. On the contrary the sugar exudes from the interior of each little granule during the process of manufacture, and reminds one of the little white particles of sugar that come out on the end of a hickory log after it has been sawed off and allowed to stand for a length of time.

This Post Sugar is the most digestible food known for human use. It is so perfect in its adaptability that mothers with very young infants will pour a little warm milk over two or three spoonfuls of Grape-Nuts, thus washing the sugar off from the granules and carrying it with the milk

to the bottom of the dish. Then this milk charged with Post Sugar is fed to the infants producing the most satisfactory results, for the baby has food that it can digest quickly and will go off to sleep well fed and contented.

When baby gets two or three months old it is the custom of some mothers to allow the Grape-Nuts to soak in the milk a little and become mushy, whereupon a little longer of the food can be fed in addition to the milk containing the washed off sugar.

It is by no means manufactured for a baby food, but these facts are stated as an illustration of a perfectly digestible food.

It furnishes the energy and strength for the great athletes. It is in common use by physicians in their own families and among their patients, and can be seen on the table of every first-class college in the land.

We quote from the London Lancet analysis as follows:

"The basis of nomenclature of this preparation is evidently an American pleasantness, since 'Grape-Nuts' is derived solely from cereals. The preparatory process undoubtedly converts the food constituents into a much more digestible condition than in the raw cereal. This is evident from the remarkable solubility of the preparation, no less than one-half of it being soluble in cold water. The soluble

part contains chiefly dextrin and no starch. In appearance 'Grape-Nuts' resembles fried bread-crumbs. The grains are brown and crisp, with a pleasant taste not unlike slightly burnt malt. According to our analysis the following is the composition of 'Grape-Nuts': Moisture, 6.02 per cent; mineral matter, 2.01 per cent; fat, 1.60 per cent; proteins, 15.00 per cent; soluble carbohydrates, 48.40 per cent; and unaltered carbohydrates (insoluble), 25.97 per cent. The features worthy of note in this analysis are the excellent proportion of proteid, mineral matters, and soluble carbohydrates per cent. The mineral matter is rich in phosphoric acid. 'Grape-Nuts' is described as a brain and nerve food, whatever that may be. Our analysis, at any rate, shows that it is a nutritive of a high order, since it contains the constituents of a complete food in very satisfactory and rich proportion and in an easily assimilable state."

An analysis made by the Canadian Government some time ago shows that Grape-Nuts contains nearly ten times the digestible elements contained in ordinary cereals, and foods, and nearly twice the amount contained in any other food analyzed.

The analysis is familiar to practically every successful physician in America and London.

We print this statement in order that the public know the exact facts upon which we stake our honor and will back it with any amount of money that any person or corporation will put up.

We propose to follow some of these choice specimens of the tribe of Ananias.

When you hear a cooking school teacher or any other person assert that either Postum or Grape-Nuts are made of any other ingredients than those printed on the packages and as we say they are made, send us the name and address, also name of two or three witnesses, and if the evidence is clear enough to get a judgment we will right that wrong quickly.

Our business has always been conducted on as high a grade of human intelligence as we are capable of, and we propose to clear the deck of these prevaricators and liars whenever and wherever they can be found.

Attention is again called to the general and broad invitation to visitors to go through our works, where they will be shown the most minute process and device in order that they may understand how pure and clean and wholesome Grape-Nuts and Postum are.

There is an old saying among business men that there is some chance for a liar, for you never can tell where you are, and we hereby serve notice on all the members of this ancient tribe of Ananias that they may follow their calling in other lines, but when they put forth their lies about Grape-Nuts and Postum, we propose to give them an opportunity to answer to the proper authorities.

The New York girl wisely said that if a person would lie about one item, it brands the whole discourse as absolutely unreliable.

Keep your iron ready and brand these "mavericks" whenever you find them running loose.

"There's a Reason" for

Grape-Nuts and Postum

AT THE CHURCHES TOMORROW

NOTICE.

Hereafter all church notices must be received by Friday at 4 p. m. to secure publication in Saturday Tribune. If not received by that time they will be omitted. Any not appearing today are omitted for that reason.

NOTICE.

Christ Episcopal church, corner Main and Ninth. Holy communion, 8 a. m., morning service, 10:30 a. m.; evening services during Lent at 7:30 p. m. Subject for Sunday, Morning, "The Crisis of Life." \$100,000 Y. M. C. A.

(Continued on page 7.)
Chased in 1898. In the fall of 1900 Mr. G. S. Phelps, a graduate of the University of Minnesota, became general secretary of the association at Wisconsin and action was immediately taken toward separating the Y. M. C. A. and Y. W. C. A. into two distinct organizations. In 1900 the canvass for the present building was started and continued until Nov. 1, 1905. F. O. Leiser, Wisconsin '02, was general secretary after G. S. Phelps. He was succeeded by L. B. Smith of Cornell who yielded the office to the present secretary, C. H. Gaffin, Wisconsin '02. Much credit for the new building is due to Judge Winslow for consistent work as chairman of the board of directors also to members of the board and of the advisory committee who aided the work. The board at present consists of Justice J. B. Winslow, Prof. W. A. Scott, Mr. E. F. Riley, Prof. M. S. Slaughter, Mr. J. M. Boyd, and Mr. consists of Prof. M. V. O'Shea; Prof. F. C. Sharp, Prof. W. D. Taylor, Prof. E. B. Skinner and Mr. Emerson Ela.

You're growing more beautiful day by day, dear Grace. I hope you're not using cosmetics on your face; Oh, Charlie, this is a great injustice to me. I'm simply using Rocky Mountain Tea. Cards out. Ask your druggist.

"Only 3 1/2% of Alcohol"

The highest scientific and medical authorities in the world unite in declaring that the alcohol (about 3 1/2%) contained in a bottle of pure malt beer like

Gund's Peerless Beer

is not enough to injure anyone, yet sufficient to naturally stimulate the regular flow of the gastric fluids within the stomach, so essential to the proper assimilation of solid foods.

Professor Dr. E. Struve, Berlin, Germany, says: "Owing to the small amount of alcohol in beer the same cannot be called an alcoholic beverage in the usual sense of these words."

Peerless Beer is an effervescent wholesome and fully matured beer of commanding superiority. Because of this it received the Gold Medal at St. Louis Exposition in 1904 and at Paris in 1900. It is a sparkling amber beer with splendid fragrance, delightful, snappy flavor and creamy foam. It has been brewed for 50 years by the famous **Gund Natural Process** that preserves the life of the malt.

Peerless contains only the choicest ingredients—the essential tonic juices of fine Bohemian hops, special yeast of our own cultivation, water flowing from a well in granite rock and the malted extract of rich, plump and sound Northwestern barley. Bottled at the home plant only. Sold in all reputable hotels, cafes, restaurants, etc. Ask "the man behind the bar," or buy a case delivered at your home. For family use no beer excels Peerless. Write, phone or call.

JOHN GUND BREWING CO., La Crosse, Wis.
